Policy Document on E-Governance

Introduction:

Nanded Pharmacy College recognizes the importance of embracing e-governance initiatives to improve efficiency, transparency, and convenience in various areas of operations. This policy document outlines the guidelines and principles for the implementation of e-governance in the college's administrative, finance and accounts, student admission and support, and examination processes.

1. Administration:

- a) Online Communication: Establish online communication channels, such as email, instant messaging, and online portals, for official announcements, circulars, and notices. Encourage faculty, staff, and students to utilize these channels for effective and timely communication.
- b) Digital Document Management: Transition from paper-based documentation to a digital document management system. Implement a centralized system to store, manage, and retrieve documents electronically. Ensure appropriate access controls and data security measures for document management.

2. Finance and Accounts:

- a) Online Payment Platforms: Integrate with digital payment platforms to facilitate secure and convenient fee payment by students and other financial transactions. Provide options for online payment through internet banking, mobile payment apps, and digital wallets.
- b) Online Fee Collection: Implement an online fee collection system that allows students to view and pay their fees through a secure online portal. Generate digital receipts and ensure accurate record-keeping of financial transactions.
- c) Budgeting and Expenditure Tracking: Utilize digital tools for budgeting, financial planning, and tracking of expenditures. Utilize digital tools for budgeting, financial planning, and tracking of expenditures. Implement an integrated financial management system for effective financial reporting and analysis.

3. Student Admission and Support:

a) Online Application and Enrolment by State Government through CAP which provide an online platform for students to submit applications, upload documents, and complete the enrolment process. Streamline the verification and approval process using digital workflows.

b) Student Support Services: Developed online contact on website for students to track services, implement an online help desk to address student queries and concerns.

4. Examination:

a) Online Examination Management: Implement an online examination management system by SRTM University for efficient scheduling, registration, and conducting of examinations.

b) Result Publication: SRTM University publish examination results online through a secure and user-friendly platform. Ensure confidentiality and accuracy in result publication.

Conclusion:

Nanded Pharmacy College has implemented e-governance in various areas such as administration, finance and accounts, student admission and support, and examination processes. The college had originally planned to implement ERP in 2019-20 but faced delays due to the COVID-19 pandemic. As a result, the college has now decided to carry out the implementation in the academic year 2023-24. By implementing ERP, the college aims to streamline its operations and enhance efficiency in these key areas. This shift towards digital processes can bring numerous benefits, including improved transparency, reduced paperwork, faster response times, and easier access to information for students, staff, and stakeholders.

It is important for the college to carefully plan and execute the implementation to ensure a smooth transition. They may need to invest in appropriate technology infrastructure, provide training to staff members, and establish robust security measures to protect sensitive data.

Overall, the decision to implement e-governance demonstrates the college's commitment to modernizing its processes and leveraging technology to improve various aspects of its functioning.

6.2.2

Implementation of e- governance in areas of operations.

1. Administration

The main aim is to improve the services to students, faculty members by providing interactive services. Implementing digital communication channels such as email, google class room, WhatsApp groups and online portals for faculty, staff, and students facilitates effective and timely communication. Official announcements, circulars, notices, and updates can be shared electronically, reducing the reliance on physical notice boards and ensuring that information reaches the intended recipients promptly.

2. Finance and Accounts

The implementation of e-governance in various areas of operations can greatly improve efficiency, transparency, and convenience. One specific area where e-governance can be implemented is in the facilitation of digital payments by students.

Third party payments, Regulatory fees payment etc are done through digital platforms like internet banking and digital payments are also encouraged through secured interfaces.

Students are encouraged to complete their fees through internet banking. Collaborating with banks to provide online banking services can enable students to make payments directly from their bank accounts. This can be done through internet banking portals, mobile banking apps, or payment

By implementing e-governance initiatives for digital payments in educational institutions, the college can streamline processes, reduce administrative burdens, and provide students with a convenient and secure payment experience.

The account of the institution are maintained through the Tally software. By implementing e-governance initiatives in third-party payments and regulatory fees payment, along with maintaining accounts through Tally software, the college can enhance efficiency, transparency, and accuracy in financial operations. This leads to improved governance and better service delivery to citizens.

3. Student Admission and Support

Nanded Pharmacy College provides various resources for students, including e-resources such as DELNET and e-journals like Bentham. E-resources and e-journals offer students convenient access to a wide range of academic materials and research publications.
