Institution facilitates students' representation and engagement in various administrative, co-curricular and extracurricular activities (student council/students representation on various bodies as per established processes and norms) A. Y. 2023-24

Student representation and engagement in administrative, co-curricular, and extracurricular activities play a vital role in fostering leadership, teamwork, and personal growth. In administrative roles, students participate in decision-making bodies such as student councils, committees, and governance boards, ensuring their voices are heard in shaping policies, campus improvements, and academic affairs. Their involvement promotes responsibility, advocacy, and collaboration with faculty and administrators.

Beyond academics, students actively engage in co-curricular activities such as research groups, and professional societies that complement their studies. These opportunities enhance their skills, broaden their knowledge, and provide hands-on experiences that bridge theory and practice.

Extracurricular activities further contribute to holistic development by allowing students to explore their interests in sports, arts, music, drama, and volunteer work. By participating in these activities, students develop essential life skills such as teamwork, communication, and time management while building meaningful relationships and a sense of community.

Overall, student involvement in these areas nurtures a well-rounded personality, preparing them for future leadership roles and career success. Institutions that encourage student participation create an inclusive and dynamic environment where students feel empowered to contribute, innovate, and thrive.

Name of the activity: World AIDS Day 2023

Report on Celebrating World AIDS Day 2023

On December 1, 2023, Nanded Pharmacy College observed World AIDS Day with impactful activities under the guidance of NSS Program Officer Mr. V. N. Gunjkar and Principal Dr. N. B. Ghiware. The event included an AIDS Awareness Rally in collaboration with other institutions like Government Medical College, Nursing College, and ITI College, aiming to educate the community. Students and staff took a Pledge for Prevention, committing to spread awareness and combat stigma. Informative displays on HIV/AIDS further promoted understanding. These efforts highlighted the college's dedication to public health and fostering a stigma-free society through collective action.
