7.2.1

BEST PRACTICE NO. 2:

TITLE: GO-GREEN MOVEMENT

Context:

Protection of surroundings and environment as a whole is essential. The major steps to protect and make environment sustainable are making it plastic free along with tree plantation, regular conduction of cleanliness drives. It also needs guidance and motivation to community for protection of environment.

Tree plantation is our regular activity; we follow a practice of welcoming our guests by offering a sapling and plant it at his/her hands. Also, on the important occasions like Independence Day/republic day we plant trees on the campus or nearby surroundings. Plogging is a combination of jogging and picking up litter, and it has gained popularity as a way to engage communities in cleaning up their surroundings while promoting fitness. We try to spread message of cleanliness through different activities such as promotional rangoli competition and organization of cleanliness drives.

Objectives:

- To aware all stakeholders and society about environment protection.
- To motivate students for plastic free environment.
- To create a sustainable environment through tree plantation.

Approved by PCI & AICTE, New Delhi; College DTE Code: 2149; College SRTM University Code: 146

Practice:

Our institute motivates our students, teachers as well as nearby communities to join in this activity.

1. Tree Plantation: Tree plantation is organized on various occasions like Independence Day, republic day or other national festivals, birth and death anniversaries of national heroes. Activities like seed-ball preparation are conducted to enhance tree plantation.
2. Integration of Plogging: We organize regular plogging events within the institution and nearby areas, encouraging students, faculty, and staff to actively participate. The college provide participants with gloves, bags, and other necessary equipment to safely collect and dispose of the litter.

Also, seminars and guidance sessions on this activity are conducted.

3. Promotions through Rangoli Competitions and Celebration of Days: We organize various events like rangoli competition to promote environment protection. The days like environment day are celebrated to spread awareness messages among students and society.
4. Cleanliness drives: Institute conduct cleanliness drives regularly to sensitize the stakeholders to environment, health, and hygiene.

Evidence of Success:

- This activity encouraged our stakeholders for avoiding single use plastic. The percentage of plastic litter in campus is dramatically reduced in last couple of years since introduction of this practice.
- Around 10kg of plastic collected by our students through plogging in nearby areas was handover to local municipality in last two years.
- Tree plantation has resulted in greenery on the campus.
- Many students actively participated in activities like rangoli competition.

Affiliated to Swami Ramanand Teerth Marathwada University, Nanded, www.srtmun.ac.in

Approved by PCI & AICTE, New Delhi; College DTE Code: 2149; College SRTM University Code: 146

Problems encountered and resources required:

- It was difficult initially to motivate people for collecting plastic from garbage.
- The recent pandemic of Covid-19 was major reason, people were afraid of it.
- Materials like gloves, collection bags and transport needs financial support.
